

W-2 Printing Tips

W-2 Not Printing With Boxes

- Right click on body of the PDF in LEO
(a popup window will appear)
- Choose **Page Display Preferences**
- Choose **Documents**
- Deselect **Allow layer state to be set by user information** option

OR

If the above does not work, follow steps below.

- Open the Adobe Reader on your computer prior to accessing the W-2 in LEO
or Save a copy of the W-2 to your PC and open the file saved to your computer.
- Click on **Edit** from top toolbar
- Choose **Preferences** from the dropdown
- Choose **Documents**
- Deselect **Allow layer state to be set by user information** option

Note: If using Adobe XI (11) you must use the second set of instructions above.

W-2 Printing With Mailing Address on Bottom

- Click the Print () icon on the Acrobat Toolbar
- Ensure **Page Scaling** is set to **None**
- Deselect the **Auto-Rotate and Center** option
- Deselect the **Choose paper source by PDF page size** option
